

A hand-drawn illustration in a sketchy, artistic style showing three children building a snow hut in a snowy environment. One child in a blue jacket is kneeling on the left, using a yellow tool to shape the snow. Another child in a blue jacket is sitting in the foreground, facing away from the viewer. A third child is partially visible on the right, holding a long stick. The snow hut is a large, rounded structure made of snow. The background is a simple snowy field with some small tufts of grass. The entire scene is framed by a black border with decorative corner elements.
